Contact Us

Leander Club is the most successful rowing club in the world, and the most decorated in single sports club Olympic history. Our athletes have won 159 Olympic medals and include sporting heroes Sir Steve Redgrave and Lola Anderson MBE.

Why Rowing Works for Teams

Is your team truly in sync?

In a rowing boat, as in business, success isn't about individual strength. It's about perfect timing, absolute trust, and communication.

At Leander Club, we don't just teach rowing; we build crews. Let us transform your team on the iconic Henley Royal Regatta course – the same water that has forged Olympic heroes for generations.

More Than a Day Out

This isn't just an activity – it's a lasting investment in your team's performance. Your team will leave with:

- Unbreakable bonds
- Enhanced communication
- A high-performance mindset
- Experience of true synchronicity

Set against the stunning backdrop of the Thames and rolling Chiltern hills, your day can be as relaxed or competitive as you wish.

Your Experience on the Water

- Start the day in our professional gym with expert coaching on rowing fundamentals on top-end rowing machines called 'ergometers'.
- You'll be matched with elite athletes and placed in racing boats.
- Row up the Thames at Henley to Temple Island, with Olympic encouragement from coaches travelling in a dedicated safety launch.
- Finish the day with a race!

Seamless Business Integration

- Light-filled conference spaces
- Bespoke catering options
- Perfect for meetings, presentations, or strategy sessions

Easy to Reach

Just 30 minutes from Heathrow
Excellent links to M4 and M40
Free parking and short walk from Henley train station

Ready to Build Your Winning Crew?

Groups from 6 to 24 participants
